WELCOME

to the following tenants who have joined our community since our last tenant "update!"

Mary Cate O'Malley (A105)

Jim Peterman (A112)

David Mominee (A122)

Robert Frost (A204)

Marc Bouclier (B108)

Carl Sheppard (B116)

Tom Zarro (C101)

Peter Couchman (M102)

Sandra Keller (M105)

Did you know?

The U.S. Coast Guard Auxiliary will perform a safety check of your vessel at *no charge* and with *no consequences* if you don't pass! Per their website, their goal is simply to help make boating as safe as possible for you, your family and your friends, through education. Visit their website for more information - they have an online form to request an inspection, and they will come to you, or you can go to them if you would prefer.

It's that time again...

The quarterly audit of tenant files was just completed, and notices will go out with the February billing for those of you who are missing documents and/or who have not replaced a recently expired certificate of insurance or registration. ***Please help Natalie and Sharon out by keeping your required documentation current - when you receive your renewal paperwork, don't forget to make a copy for the office!***

We know that many of you are anxiously waiting for the **2015** version of our marina **diner discount card!** Because we now have more restaurants participating than we have space to fit their logos onto the front of the card, we need to re-design the card (and update our websites). However, with our participation in the San Diego Boat Show, as well as having a new marina software program installed - (*more about this on the flip side*) - our priorities have been temporarily shifted elsewhere. We hope to have the cards available sometime in February - thanks for your patience

WOMEN'S 26th ANNUAL SAILING CONVENTION

February 7 @ Bahia Corinthian Yacht Club in Newport Beach

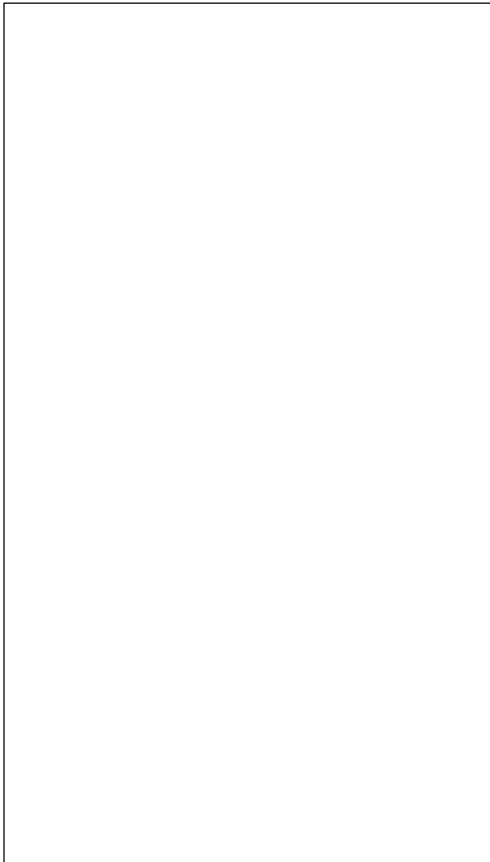

AMERICA'S BOATING COURSE

February 6-7 @ Southwestern Yacht Club in San Diego

See the glass display case outside the marina office for more details

The companies listed below have not provided the marina with required / requested business documentation for at least two months... Please do not employ their services until they have been cleared with the marina office.

For a list of companies that have provided all required business documentation with our marina, go to the marina website, click on Business Links, then select List of Preferred Contractors at the top of the linked page. If you encounter problems with any of the companies on our "preferred" list, please inform us ASAP – Thanks!

COMING SOON

For those tenants who have desired to pay their monthly slip rent online, we will soon have the capability to make that happen! We are in the process of having new marina software installed in order to provide greater efficiency and service, and we will hopefully be ready to "roll out" the new features by April's billing. ☺

While extracting tenant information from our old system, we noticed that many of our long-term tenants have missing or outdated phone numbers and e-mail addresses. If you have obtained new cell phone services or switched e-mail carriers over the past few years, please send us your current information so that we can input it into our new MarinaWare. We appreciate your assistance, as always, in keeping our files accurate and up-to-date.

It's MUSEUM MONTH!

Receive half-off admission at **45** popular San Diego Museum Council membership museums for the entire month of February! Participating museums = Birch Aquarium, Maritime, Model Railroad (and other Balboa Park attractions), new Children's Museum, USS Midway, Whaley House in Old Town and many, many more! See the SDMC website for the full list.

We have a new member in the **Boat, Bed and Breakfast** fleet! Tom Zarro's "**Czech Mate**" in **C101** will join the program, replacing the beautiful and popular Beneteau "Sea Horse," which was sold in November. Just a reminder that Shelter Cove Marina tenants receive a **25% discount** for their family and friends!

**MARINA OFFICE
SPACE BECOMING
AVAILABLE**

APPROX. 350 SQ. FT.

Ready for a change of scenery?

February is an ideal month to drive east on Interstate 8 to Anza-Borrego and spend some time exploring the flora, wind caves and natural beauty of San Diego's desert region.
