## SUMMER "OFFICIALLY" ARRIVES ON THE 21st!

...even though we never had our typical San Diego "May gray!" I guess we will all have to wait and see whether "June gloom" will show up this year or not!

## The Summer Solstice

is also the date for the 14<sup>th</sup> annual Summer Sailstice (northern hemisphere edition!), which is becoming an annual tradition for sailors around the world to get out on the open waters and enjoy the maximum amount of daylight of any day in the year. If you would like to network with others who participate in this global event, check it out at [www.summersailstice.com](http://www.summersailstice.com).

*Slowly but surely...*

*You will begin to see some new upgrades around the marina!*

*We have plans for:*

- \* New marina building roof*
- \* Additional dinghy / kayak rack*
- \* Expanded BBQ / picnic area*
- \* Fiber optic networking*
- \* Signage for our new security cameras 😊*

**It's the little things in life that often mean so much...**

Tenant **Ray McGinnis** thought nothing of it when he brought in a tub of **Red Vines** for the office... but the employees, tenants and dock workers sure enjoyed the treats all week!

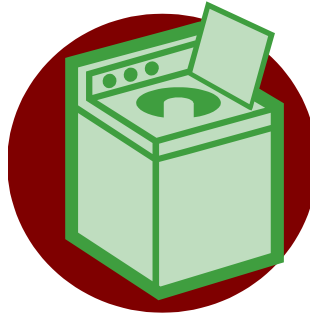

Tenants **Katharina Eckert, Sandra Cima** and **Jan Ek** have beautified our office with flowers for weeks now...

(...and should I mention the *chocolate*?!)

Our resident photographer, **Jan Ek**, had some fun with this selfie on Cinco de Mayo, just before heading over to Miguel's Cocina with the grown daughter of 23-year tenants **Bill & Sandra Johnson!** Happily and sadly, it looks like the Johnsons may have a buyer for their boat... They will be missed by many when they go!

Please save the CoinMach service technician an unnecessary trip to our marina by using only liquid detergent in the washing machines, and only use the minimum amount necessary in order to adequately clean your clothes. **THANKS!**

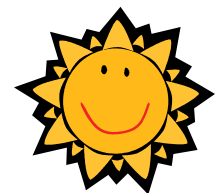

We are pleased to announce... that we have been actively soliciting restaurateurs to join our diner's discount card program, and we have recently added:

*\*Alfredo's Pizza*

*\*European Cake Gallery*

*\*Wine Steals*

to our growing list of restaurants where you can receive a 20% discount! (Some restrictions apply - see our website for details and web links.)

## DOCK CARTS

are for the collective use of our tenants, guests and dock workers, and therefore must be returned to the gate entry immediately after use (i.e. not left sitting on the dock

by your slip until the next time you plan to go shore side!) We have had several instances over the past few weeks where not one dock cart was in sight. "Do unto others as you would have done to you" - (NOT "before they do it to you!")

## Natalie's Summer Fun Time Tip:

Stay cool this summer by trying out some fun and fabulous refreshing thirst quenchers! Check out Spa Depot's Top 6 Summer Cocktails recipes (which can also be made virgin, if you prefer).
